## DEALING JUSTICE.

USELESS IDLERS BEING  
DEPORTED.

INTIMIDATORS JAILED.

The local strike position has changed but little since yesterday apart from further absentions from work of Chinese employed at Taikoo Sugar Refinery. The order issued respecting the deportation of idlers has already been put to practical use and between twenty and thirty have been dealt with. The moral effect of the issue of the proclamation has been considerable.

Intimidators, too, are being traced and dealt with severely, as will be seen from the reports of to-day's Court cases. Below will also be found a useful hint to householders who have reason to believe that agitators are attempting to use the telephone to intimidate loyal servants.

To-day at 5.30 the entire Volunteer Defence Corps are marching through the City.

## A HINT.

TELEPHONE INTIMIDATION.

Householders with servants remaining loyal still continue to report persistent ringing on the telephone and either demands for the "boy" or "a European answers of statements such as "Oh, sorry, mistake in the number" (although the number of the house was asked for in the first place).

Yesterday a Peak resident's telephone was rung several times and a foreigner asked for a gentleman whose name still appears as the owner in the directory but who is, as a matter of fact, dead. A few minutes telephone conversation may be considered a comparatively slender acquaintance but the Peak resident referred to has travelled to a considerable extent and is firmly convinced of the nationality of the talker at the other end.

Later in the day a lady foreigner also rung up the same house (where a faithful "boy" and amah remain at work) and asked for the lady of the household, also giving the name appearing in the directory. (This lady has left the Colony some considerable time). Neither of the callers would give a number.

The resident referred to made a mistake in not asking for the locality of the calls made until after the conversations, brief as they were. The operators were not able then to locate them, neither could the police help when informed.

Mr. H. S. Bennett, manager of the Hongkong Telephone Company, told a "China Mail" representative who asked him what measures should be taken in circumstances such as those outlined above, that the receiving bracket should be moved up and down once or twice whilst the conversation was progressing, the operator would then note the numbers and addresses of both talkers and furnish the information upon application. It was impossible to do this once there had been a disconnection.

At the same time Mr. Bennett informed the "China Mail" that no Chinese telephone fitters were now employed by the Hongkong Telephone Company and they thus had no business to enter houses. Permits presented by any such were not valid as they had been issued before the men left on strike.

## CAR PASSENGERS.

EUROPEAN'S SUCCESSFUL CASE.

As reported yesterday, two Chinese were charged before Mr. S. B. McElderry with intimidating a passenger on a tramcar by means of a threat that he would be stabbed if he travelled again.

After investigations made at the addresses given by the accused persons, they were convicted and sentenced to six months' hard labour and fines of \$250, or further terms of three months' imprisonment.

It is understood that the reward offered by the Captain Superintendent will be paid to the informer, Mr. A. W. Miller.

## TO-DAY'S DOLLAR.

The closing rate of the dollar on demand, to-day, was 2/8 3/4.

## THREW A BRICK.

JAIL FOR A COOLIE  
INTIMIDATOR.

SEQUEL TO A CHASE.

A Chinese coolie was charged before Mr. McElderry at the Central Magistracy this afternoon with intimidating a number of coolies working at Kennedy Town.

According to the evidence given by a Chinese detective, the accused ran away after the alleged intimidation of the workers and on being chased hurled a brick at him. A European boy working at the China Provident godowns stated in evidence that he saw a number of men running away with the detective in pursuit and that he recognised the accused as the man who threw the brick.

Mr. C. A. S. Russ, for the defence, brought evidence to show that the accused was working for a contractor on Friday morning and under such circumstances it was not likely that he would become an agitator the same day. Although he (Mr. Russ) was convinced that intimidation had been going on, and believed that the witnesses had said, he submitted that there was the risk of mistaken identity in times like the present. Mr. Russ also commented on the danger of offering rewards for the arrest of alleged agitators.

His Worship said he was satisfied that the accused was the man who threw the brick and he would convict him. The sentence was two months' hard labour with a fine of \$100, or a further two months.

## CHINESE HELP.

The numbers of Chinese coming forward on the side of law and order and giving valuable assistance has steadily increased since the commencement of the strike and in addition to that already noted, such as assistance in the control of food supplies, under Mr. N. L. Smith, the enrolling by the controller of Chinese labour of over a thousand workers, and the formation of a useful complement of about 200 to the European special constables, there are other services in which their help has been invaluable.

About 60 censors are co-operating in the work of censoring postal matters and Chinese newspapers, 50 have enrolled for work in connection with the Ambulance service organised by the St. John's Ambulance Brigade and perhaps more valuable than all a Chinese Labourers' Protection Association is in course of formation, the members of which will maintain the right to work and to earn a living wage and will not tolerate intimidation.

Many Chinese have joined the Hongkong Volunteer Defence Corps and Chinese Boy Scouts are assisting with others in work of various kinds. Chinese lady volunteers are also being enlisted.

## ILLICIT FIREWOOD.

ANOTHER BATCH OF  
OFFENDERS.

A handful of police from Shau-kiwan Station visited Saiwanho yesterday afternoon on receiving information that about 200 persons were engaged in cutting down trees on the hillside for use as firewood. All but five women and two men escaped, leaving behind their cutting implements and marks of considerable damage to pine trees.

At the Central Magistracy this morning, Mr. McElderry imposed fines of \$10 each, or two weeks' hard labour, and advised the offenders to inform their neighbours as to the penalty awaiting those who visited the plantations for their firewood supplies.

## CHEUNG CHAU PATROLS.

The Cheung Chau residents are fully prepared for any emergency and have formed a police reserve amongst themselves. American and British missionaries have joined. The total number sworn in, all told, is something like 50. Night patrols are being carried out.

## MOTOR FUEL.

AMPLE FOR COLONY'S  
NEEDS.

NO FEAR FOR FUTURE.

The need for the maintenance of motor transport which is absolutely essential for meeting the Colony's most vital needs has led to a number of enquiries as to the amount of gasoline and oil there is in stock in the Colony and whether it would not be as well to effect certain forms of oil riding.

Upon enquiry at the large firms responsible for the supply of petrol, kerosene and motor oils for Hongkong, the "China Mail" was informed that there are already here enough supplies to last for many months to come and there is no possibility of any interference with the incoming supply. If difficulty is experienced in getting supplies to the various depots, as a last resort the public could always be requested to call at the main storage tanks of the respective companies.

As regarded landing, in the case of bulk supply, no labour outside of that on the incoming tanker is needed for transferring oil to the main tanks. All of the incoming ships bearing supplies and the tankers are independent of Chinese labour.

## CHINESE POLICE.

RESERVIST CATCHES A  
THIEF.

A Chinese police reservist was responsible for the first arrest by this body of a Chinese who had stolen some timber from a yard at West Point.

The accused was sentenced to pay a fine of \$5 or one week's imprisonment at the Central Magistracy this morning.

Alleged Intimidator.  
The same officer arrested a Chinese who was charged this morning with intimidating an amah. The woman was apparently too frightened to appear and give evidence. No conviction was registered, but the accused was held over pending an order for banishment.

## FLOGGING.

A regulation passed yesterday by the Governor in Council empowers two magistrates sitting together to inflict summarily the following punishments for any crime made punishable under section 4 of the Arms and Ammunition Ordinance, 1900, namely:

(1) Imprisonment with hard labour for any term not exceeding ten years; and  
(2) Flogging.

The magistrates in awarding any punishment of flogging for any such crime, shall have the same powers as the Supreme Court has, in regard to flogging for any such crime, under the provisions of the Flogging Ordinance, 1903.

## KEROSENE OIL.

BIG SEIZURES ON THE  
CANTON RIVER.

Two consignments of kerosene oil have been seized on the Canton River. The Taipo Magistrate ordered the confiscation of 98 cases comprised in one lot, and the other case was remanded.

## STRIKE ITEMS.

During the latter part of yesterday, recruiting for the bus service was carried on, and a large number of Indian and European volunteers were registered. Through the Kowloon Residents' Association the Government has arranged for a special service which will consist of the three "super-buses" owned by the companies operating and three of the Hongkong Hotel fleet. These will run from the Star Ferry to Argyle Street (Mongkok) and Kowloon Dock. The difficulty experienced in filling the places of the disaffected men has been in placing conductors. There is apparently a surplus of drivers.

Hardly any fruit stalls were open at the local markets to-day, and those that were had nothing to offer excepting rare to offer. The Chinese market stalls were also closed. Local stores also have little or no fruit to offer.

## HOME POLICY.

CHINESE NEGOTIATIONS  
DISCUSSED.

NO NOTE TO RUSSIA.

(Reuter's Service.)

London, July 6.

In the House of Commons, questioned with regard to the Chinese negotiations conducted by the Italian and French Ministers and the American Charge d'Affaires, Mr. Austen Chamberlain (Foreign Secretary) said nothing would be decided without the consent of all heads of the Legation.

Mr. C. P. Trevelyan (Labour) asked whether any action would be taken without reference to the Home Government and Mr. Chamberlain answered in the negative.

"Careful Watching Needed."  
At question time, Mr. Austen Chamberlain said no Note had been sent to the Russian Government as regards China but he must reserve for His Majesty's Government full liberty to take whatever action they may think was required. (Ministerial cheers).

Mr. Chamberlain deprecated the assumption that the Government were considering proposals to alter their policy to Russia but the situation needed careful watching daily. The Government must be free to act as necessary to protect British interests. He promised if there was to be any change he would make the earliest possible declaration to the House of Commons.

## Emergency Actions.

Commander Kenworthy (Liberal) urged that before any drastic step be taken, all facts and full reasons for such a step should be submitted to the Commons.

Mr. Chamberlain replied that the Government must be carried on. He was anxious always to proceed with the full knowledge of the House of Commons where possible and with their support but it was incompatible with the duties of his office that he should undertake that all actions should be paralysed in emergency until the Commons were informed.

Replying to Mr. J. R. Clynes (Labour) Mr. Chamberlain deprecated the assumption that the Government were considering proposals to alter their policy to Russia and concluded by appealing to everyone, in the critical circumstances, to refrain from language that might make them more dangerous than they already were.

## Fomenting Trouble.

Replying to Commander Kenworthy, Mr. Chamberlain said the speeches of the Soviet Ambassador at Peking afforded sufficient ground for his recent statement as regard Soviet influence fomenting troubles in China but the Government had other evidence which he considered inexpedient to publish.

## LOCAL & GENERAL.

A meeting of the Board of Education will be held in the Board Room at the Education Office to-morrow at 3 p.m.

The total output of the Kailan Mining Administration's mines for the week ending June 20, amounted to 84,220 tons, and the sales during the period to 76,108 tons.

The Sincere Co. Ltd. wishes to advise that all customers with pass books will be supplied with goods against their monthly accounts by arrangement with the Manager or the Accounts Department.

## TYPHOON ABOUT.

The telegram quoted below was received from the Manila Observatory by the American Consulate General, Hongkong:—  
"10.30 a.m., July 7.—Typhoon in about Long. 126° E., Lat. 17° N., moving W."

## EMPRESS OF CANADA.

The R.M.S. Empress of Canada, Capt. S. Robinson, C.B.E., R.N.R., will sail hence for Vancouver, via Shanghai, Kobe, Shimidzu and Yokohama, at daylight on Friday, July 10.

Two gangs of armed robbers operated at Yau-mat and in the central district last night and in each case escaped with small sums of money after finding and gagging the inmates.

## 1923 TYPHOON.

LOCAL HEROES BEFORE  
THE KING.

SILVER MEDAL BESTOWED.

(Reuter's Service.)

London, July 6.

At an investiture at Buckingham Palace, the King bestowed the silver medal of the Board of Trade for gallantry at sea to Mr. John Cropper, former chief officer of the s.s. Bowes Castle, and to Mr. Stanley Garrett, former apprentice of the s.s. Egremont, Castle for helping to rescue three survivors of the s.s. Loongsang which foundered in Hongkong harbour during the typhoon on August 18, 1923.

Several ocean-going and coasting vessels were lying in the western part of the harbour when survivors from the Loongsang were carried down by the typhoon. Ship's boats were put out from several of the steamers there including the Bowes Castle and the Egremont Castle. Some of these boats picked up men in the boisterous sea while at least one was in distress itself. The Loongsang was adrift from Kowloon Bay to the Central Market where it foundered. A number of Chinese seamen who formed part of the volunteer rescue boat-crews were recently honoured at the Legislative Council.

## LORDS' DEBATE.

BRITAIN'S EUROPEAN  
POLICY.

PRESTIGE DECLINED?

(Reuter's Service.)

London, July 6.

In the House of Lords, the Earl of Oxford and Asquith initiated the debate on the foreign policy in Europe, which Earl Grey was also anticipating. He opposed the idea of a policy of British isolation as impossible.

Earl Balfour (Leader of the House), replying, said with regard to the evacuation of Cologne, the Government were awaiting the German reply to the Franco-British Disarmament Note. He was disinclined to agree with Earl Grey's contention that the prestige of European civilisation had declined since the War, but such would be the case if the Agreement had not emerged from German suggestions.

The Government had not considered the progress in arbitration principles would have helped by our assuming additional responsibilities in Eastern Europe beyond those covered by the Covenant of the League of Nations.

Concluding the debate Lord Cave said the Pact was not yet framed but would be in the course of negotiation in a few days.

## TANGIER, ZONE.

BRITISH INTERESTS NOT  
IN DANGER.

REPLY NOT SENT.

(Reuter's Service.)

London, July 6.

In the House of Commons, questioned with regard to the situation in Morocco, Mr. Austen Chamberlain (Foreign Secretary) said he did not consider British interests in Tangier were in immediate danger but they were watching the situation carefully. Questioned further whether the House would be given an opportunity to discuss the situation before action was taken which would commit Britain in naval and military operations, Mr. Chamberlain was unable to give such an assurance. He declared if the Government concluded there was serious menace to the Tangier zone, their hands must be free. He added that a reply had not yet been sent to the Spanish request of July 1. It cannot be sent until the Government had further considered the matter.

## EMPRESS OF ASIA.

The R.M.S. Empress of Asia arrived Kobe on Monday, July 6, at 8 a.m., left Kobe on July 6, at noon, and is due at Yokohama on July 7, at 4 p.m.

# MOST ESSENTIAL.

There are services and services that must be maintained during the strike. Some are of lesser importance than others. One of the most essential is undoubtedly the sanitary service. At all costs that must be kept going to the utmost capacity. At all costs—let that be repeated! There must be no possible risk of an epidemic of disease following the epidemic of idleness. In normal times the Sanitary Department is badly understaffed. One inspector for an area the size of a fairly large village at Home cannot be said to be enough for local conditions. It is streets—if not miles—off the ideal. What can be said of that staff during a period of emergency such as the Colony is passing through at present? And there is the army of sanitary coolies. They stood by the Department during the 1922 strike. On the present occasion intimidators have got to work—and the rest has been easy. Still, not all the Sanitary coolies are out and it is essential that these should be paid a wage commensurate with the vital importance of their work—the most necessary of any work in the Colony. It is believed that there is a sufficiency of coolie labour at the prevailing market price. That is an important factor in relation to the health of the Colony. But it is as well to publish the assurance for the benefit of the public in general—for Chinese and Chinese.

Each to the other is a foreigner—an enemy, a suspect. And so it goes on. From which it would appear that nothing permanent in the peace line will occur until the babel of tongues in China is brought down to one common factor. It is a big job—but no bigger than following a campaign of slaughter. And the results will unquestionably be more lasting.

may understand man. Perhaps the greatest disaster that ever befel sinful man was that unhappy incident of the Tower of Babel, when tongues—at one time of equal sense—became confused. From that time dates conflicts, strifes, misunderstandings and all the rest of human waywardness. Is not a universal language the panacea for most of the ills of life? True, people of the same tongue quarrel, and misunderstand, but the means are quickly at hand to readjust and make plain. Not so with those who speak in divers tongues. The civilised mind cannot, for instance, quite grasp the fact that those of the same race fight each other to the death. This civil strife in China—to the foreigner at any rate—is inexplicable. He asks questions and is given the reason. China is a land of many languages and dialects. One district cannot understand another. To those of one Province, the members of another are foreigners, if necessary to be treated in the most arbitrary fashion. This explains why Yunnanese are prepared to fight Cantonese, and Cantonese—each to the other is a foreigner—an enemy, a suspect. And so it goes on. From which it would appear that nothing permanent in the peace line will occur until the babel of tongues in China is brought down to one common factor. It is a big job—but no bigger than following a campaign of slaughter. And the results will unquestionably be more lasting.

# AN APPEAL.

PRAYER FOR THOSE IN CHINA.

"TIME OF CRISIS."

(Reuter's Service.)

London, July 6.

The Archbishops of Canterbury and York have issued an appeal for prayer in churches and homes on behalf of Christians engaged in missionary work, especially educational work in China, also any Britons who may be endangered and statesmen of different nationalities on whom rests the responsibility at a time of crisis. "For them we ask wisdom, power and vision which shall lead to firm, considerate and generous handling of a situation that is extraordinary and difficult."

The United States "well-meaning suggestion" to reform immediately extra-territorial rights in China is the theme of a long leader in the Daily Telegraph which declares that by doing so at the present hazardous moment the United States would be assuredly regarded by Japan as having at last thrown down the gauntlet.

The paper points out that of all the Foreign residents with interests in China the Japanese would not only suffer most by a modification of extra-territorial rights but in the present mood of the Chinese, the Japanese would be so patently menaced that, pacific as its present intentions are, Tokyo would be persuaded by the mere instinct of self-preservation to take immediate action.

The editorial adds that side by side with the anti-foreign movement, the next few months will see the development in Manchuria of a fierce triangular struggle between Chang Tso-lin, Japan, and Red Russia. Unless Chang, with or without outside assistance, is able to enforce a definite limit to the continual penetration of Russia "the Island Kingdom must intervene."

The paper ends by saying that if to this necessity is added an attempt by the United States to weaken the guarantees which Japan now enjoys in China, there can be only one end to the affair.

# MILL FRACAS.

(Reuter's Service.)

Shanghai, July 6.

On Saturday night, a Municipal constable arrested a Chinese who had been firing crackers in the street. He detained the prisoner in a cotton-mill compound pending the arrival of the police car.

Hundreds of Chinese gathered in front of the mill, where they were addressed by two agitators, who urged them to attack the mill. The constable arrested one of the agitators, who struggled and attempted to seize the constable's revolver.

Other Chinese rushed up, while the cotton mill employees went to the constable's assistance.

An American seaman, named Diaz, belonging to the U.S.S. McLeish came on the scene and, seeing that the situation was critical, fired, shooting through the head of a Chinese who was about to jump upon the constable from behind. The crowd then dispersed.

The two agitators were arrested and will appear in the Mixed Court to-day.

The wounded Chinese died last night. Two foreign onlookers from the mill state that the American's action averted a serious situation.

# DANCERS KILLED.

(Reuter's American Service.)

Boston, July 5.

While a hundred persons were participating in the Fourth of July celebrations at the Pickwick Club early in the morning and an orchestra was playing dance music, a wall of a five-storey building, weakened by adjacent excavations, crashed down on the dance floor, entrapping the dancers between the floor and the fallen metal ceiling work.

Rescue was most difficult, necessitating the removal of the front wall which threatened to collapse in addition to the debris. Hitherto twelve dead were brought out after a night and day-long search. Voices, chiefly of women, were heard calling for help from the debris early in the morning but became silent later.

## LAWN TENNIS FINALS.

(Reuter's Service.)

London, July 6.

At Wimbledon, in the British Open Lawn Tennis Championships, (final, men's doubles), Jean Borotra and Rene Lacoste beat Hennessey and Casey, 6-4, 11-9, 4-6, 1-6, 6-3.

This doubles was a magnificent match. France was in the ascendant at the start but the Americans fought splendidly. Casey's terrific service was a feature; he also showed surprising strength overhead. The Frenchmen covered the court better than the Americans, who however, won two sets by sheer hard hitting. In the deciding set Borotra was superb and no ball was too far for him to get at; his anticipations were uncannily accurate, and his kills untakeable. Hennessey played well but appeared to tire towards the close.

In the final of the mixed doubles, Suzanne Lenglen and Miss Suzanne Lenglen beat De Morpurgo and Miss Ryan, 6-3, 6-3.

Wimbledon concluded in fine weather. Borotra and Miss Suzanne Lenglen won the two opening games easily, mainly through the former's accurate overhead smashing, but lost next three. The sixth game went to the French pair. Suzanne was playing magnificently and then the French pair were in irresistible form and secured the set.

In the second set the French team work was superb. After each side had won a game, the French went to 4-1. De Morpurgo and Miss Ryan could not cope with the splendid variety of shots of the French pair.

HOW THEY FINISHED. From the following list it will be seen that with the exception of the mixed doubles in which Suzanne Lenglen shared the honours with Miss Ryan, the French visitors annexed every championship.

Men's Singles: R. Lacoste beat J. Borotra (holder) both of France.

Men's Doubles: Borotra and Lacoste (France) beat John Hennessey and Ray Casey (U.S.A.)

Ladies' Singles: Miss Suzanne Lenglen (France) beat Miss Joan Fry (Britain).

Ladies' Doubles: Miss Suzanne Lenglen (France) and Miss Ryan (U.S.A.) beat Mrs. Bridge and Mrs. McQuham.

Mixed Doubles: Borotra and Miss Suzanne Lenglen (France) beat De Morpurgo (Italy) and Miss Ryan (U.S.A.)

(Reuter's Service.)

London, July 5.

At Wimbledon, under a cloudy sky, a large attendance, including His Majesty the King, saw De Morpurgo and Miss Ryan beat J. H. P. Wheatley and Mrs. Lambert Chambers 9-7, 6-1. The British players were within one point of the first set at 6-5. Wheatley played splendid all-round tennis, but showed a tendency to double-fault. Miss Ryan was excellent at the net, and Mrs. Lambert Chambers was more successful on the baseline. De Morpurgo's ground work and Wheatley's smashing were features of a brilliant second set.

In the All England Plate final, the Hungarian Kohring beat the Englishman, R. George 6-3, 6-4.

Finals will be played Monday, to obviate Borotra contesting three finals in one day.

In the final of the Ladies' Doubles, Miss Suzanne Lenglen and Miss Ryan beat Mrs. Bridge and Mrs. McQuham 6-2, 6-2.

The Men's Singles final was won by R. Lacoste, who beat Jean Borotra 6-3, 6-3, 4-6, 8-6.

Borotra lost the title to a better tactician. With the exception of infrequent hits out Lacoste's very accurate baselining kept the holder from the net. Borotra was erratic at the opening, often mistiming, whereas Lacoste was very steady, particularly on his back hand.

Borotra served times, footfaulted in the first set.

The second was marked by brilliant rallies which ended by superb passing shots.

Borotra, in serving, again held the net, but the ball did not go through. The net was changed at the end of the set. The champion recovered last year's dash in the third set though he was kept running on the baseline in the fourth. Lacoste continued to exploit baselining with almost mathematical accuracy and led 4-1. The champion drew level at 4 all but Lacoste won against service then on his own for the match.

## 'VARSITY MATCH.

## ANNUAL CRICKET MATCH YESTERDAY.

## BLUES AT LORD'S.

Yesterday the annual cricket match between Oxford and Cambridge Universities began at Lord's but no score has come through.

Very little has come out in the last mail or two to indicate the composition of the teams, but from the results cabled by Reuter, Cambridge seem to be the more formidable.

To date 36 matches have been played; Cambridge have won 41, Oxford 36 and 9 have been left drawn.

Names which have been given prominence to date include the awarding of a Blue to K. S. Duleepinsinji (Cambridge), who is a nephew of the famous Ranji.

C. T. Bennett is the Light Blue captain and other old Blues whose names have cropped up in the cables are H. J. Enthoven, L. G. Crawley, E. W. Dawson, H. M. Austin and R. J. O. Meyer.

T. E. S. Francis, a Cambridge senior, has been playing well this year.

Oxford freshmen who have done well so far are E. R. T. Holmes (Malvern) and G. W. F. Lyon (Brighton). J. L. Guise is the Dark Blue skipper; other Old Blues whose names have been noticed are C. H. Taylor, E. P. Hewitson and T. B. Raikes. G. B. Legge, a senior, made top-score against the M.C.C. and I. A. W. Gilliat, another senior, has also been prominent. The latter is also a wicket-keeper.

In mail week it was announced that J. V. Richardson (Uppingham and Brasenose) had been given his Blue.

## LIEUT. LIVOCK.

## KEEPS WICKET FOR MIDDLESEX.

## INTERPORT CRICKETER.

Flight Lieut. G. E. Livock, R.A.F., who played for Malaya against Hongkong and Shanghai in the triangular interport cricket matches here last year, has turned out for Middlesex at Home this season.

Prior to coming to Hongkong on the seaplane carrier Pegasus, Lieut. Livock already had a big reputation as he had "kept" wicket for Lord Cowdray's XI against an England XI which included some of the best players in the Old Country.

In the interport series he batted first for Malaya. Though his average was not big his batting was certainly very impressive and his work behind the sticks was brilliant. Against Kowloon he made a century. When Mr. Ezra Abraham, Vice-President of the K.C.C. presented him with a bat, Lieut. Livock hinted that he would have preferred a golf club.

However, his inclusion in the Lord's team seems to indicate that he has not deserted the summer game. A Home paper, in mail week, mentions him as an amateur from Chiswick. He was ninth on the batting list and scored 20 not out after some of the opening batsmen had failed. Only the first day's play was given and Warwickshire, who were playing at Lord's had only started their innings so it is not known if he did anything spectacular. According to a Reuter cable at the time, Middlesex eventually won the match.

Lieut. Livock's progress now that he is at Home will be watched with interest by cricketers who have seen him in the Far East.

London, July 4.—At Gleneagles in a thousand-guinea professional golf tournament, the final, over thirty-six holes, was won, by A. Campbell (North Manchester), who beat Abe Mitchell by one hole. Reuter.

Sydney, July 4.—The English Soccer team beat Australia by two goals to one. Reuter.

Moscow, July 5.—Chicherin has sent Mr. Hodgson, the British Charge d'Affaires at Moscow, a Note protesting against the trial at Shanghai and demanding the release of Dosser, maintaining that documents alleged to belong to him are forgeries.

## HUBERT ASHTON TO BE CAPTAIN?

## NEWS FROM HOME.

Hubert Ashton, the former Cambridge University captain, is likely to succeed A. E. R. Gilligan as England's cricket captain for the next series of Test Matches with Australia, in England, in 1926, says a Home paper writer in mail week.

Ashton is not at present in England but he is expected to be Home for the next season, as is C. H. Gibson, the Light Blue (1920-1921) bowler who was chosen to go to Australia last year but had to cry off.

It is hinted that the strain which is now preventing Gilligan from bowling may effect the selectors' decision. Ashton is one of three brothers who led the Light Blues in successive years. When at Cambridge in 1921, the year of Warwick Armstrong's conquest, he distinguished himself in all the matches in which he played against the Australians and was a member of A. C. MacLaren's XI, which inflicted the first check on the Australians.

The same writer mentions Ashton's superb example in the field and that his strong back play is the most likely to demoralise a bowler like Grimmett who skittled out the M.C.C. team in the very last Test Match.

## FRENCH RETIRING.

## (Reuter's Service.)

Paris, July 6.

A War Ministry communiqué, referring to "pessimistic reports on recent military events in Eastern Morocco in the direction of Taza," says that "certain loyal tribes partly failed us, opening a breach in the first line of defence, through which the Rifis passed and attacked our regular troops, who are now taking up the best positions to repel the enemy. Public opinion must not be disturbed by these inevitable episodes in colonial warfare." The communiqué refers to the difficulties of the French forces, owing to the improvement in the enemy's numbers, equipment, and tactics compared with ten years ago and adds "Their attacks are more frequent, and better co-ordinated on a wider front. They are constructing trenches, dug-outs, and barbed wire entanglements, whereas the tactics of modern armies, concentrating to strike decisive blows, if employed too systematically, are bound to result in the disaffection of abandoned loyal tribes, with a consequent infiltration of enemy contingents. We must not be surprised or alarmed if, on a vast front difficulties should lead locally to retirements, regroupings, and concentrations of our forces that, however, prepare the way to more vigorous counterblows."

## France and Spain.

Paris, July 6.

The newspapers publish interviews with M. Maury, who is negotiating with the Spanish Government at Madrid, declaring that a complete Franco-Spanish agreement has been established and stating that a peace offer has been drafted and will be offered to Abd El Krim when the French Government has concurred in the details.

According to Le Journal's Madrid correspondent, under the peace offer to Abd El Krim the Rifis will be assured full freedom for development under the nominal sovereignty of the Sultan of Morocco within frontiers still to be determined.

Some surrenders of arms will be demanded as a symbolic act, but not the surrender of the whole of Abd El Krim's war material.

The terms, however, do not correspond with Abd El Krim's demands.

## "To Pay Dearly."

## (Havas Agency.)

Paris, July 6.

The Ministry of War denies the pessimistic messages concerning Rifian infiltrations which are "but the normal consequence of singular conditions in the operations." Regular troops are taking steps to make the Rifians pay dearly for their attacks against several local tribes which partly went over to the enemy after having gallantly resisted repeated Rifian attacks.

## \$70,000 GOES ASTRAY.

BIG MAIL ROBBERY  
INDICATED.

PARCELS OF BANKNOTES.

What appears to be the most  
sensational theft that has occurred  
here for years is at present, says  
the "Straits Times," occupying the  
attention of the local police, no less  
than \$70,000 having been missed  
from the mail to Batu Pahat sent  
from Singapore.

By this mail the Ho Hong Bank  
sent a consignment of \$30,000 in  
currency notes by registered parcel  
post, and the Overseas Chinese  
Bank sent \$40,000, also in currency  
notes. When the bags were opened  
at Batu Pahat the money was  
found to be missing.

The post office authorities told a  
"Straits Times" representative that  
they were not prepared to make any  
statement regarding the matter,  
but it is understood that there is  
just a possibility that the money  
has been put in the wrong bag by  
mistake, and have been carried on  
to some other station. If that were  
the case information should have  
reached the authorities at Singa-  
pore.

The loss is covered by insurance,  
in the case of the Ho Hong Bank  
with the South British Insurance  
Company, and in the case of the  
Chinese Commercial Bank with the  
Overseas Assurance Company. The  
defective department are conducting  
enquiries.

The manager of the Ho Hong  
Bank told a "Straits Times" repre-  
sentative that this was the first  
occurrence of the kind that he re-  
membered. The Ho Hong Bank  
had been in the habit of remitting  
consignments of currency notes by  
registered parcel post for the past  
eight years without any loss. The  
only time that the Bank had ex-  
perienced any loss was when a local  
steamer went down with a consignment  
of silver plate, but that was  
recovered by salvage.

## ALL SAFE.

RESCUED AND RESCUERS  
FROM YEUNG KONG.

The explanation of the non-  
appearance of the Maryknoll  
missionaries who left Hongkong to  
arrange for the removal of other  
missionaries from the lonely station  
of Yeung Kong is simple but their  
experience was not without an  
element of danger.

The missionaries had approached  
as near as they could by launch  
(the service of the Governor's  
launch "Stanley" having been put  
at their disposal) and after lying  
to for twenty-four hours and  
seeing nothing of them the  
Stanley returned.

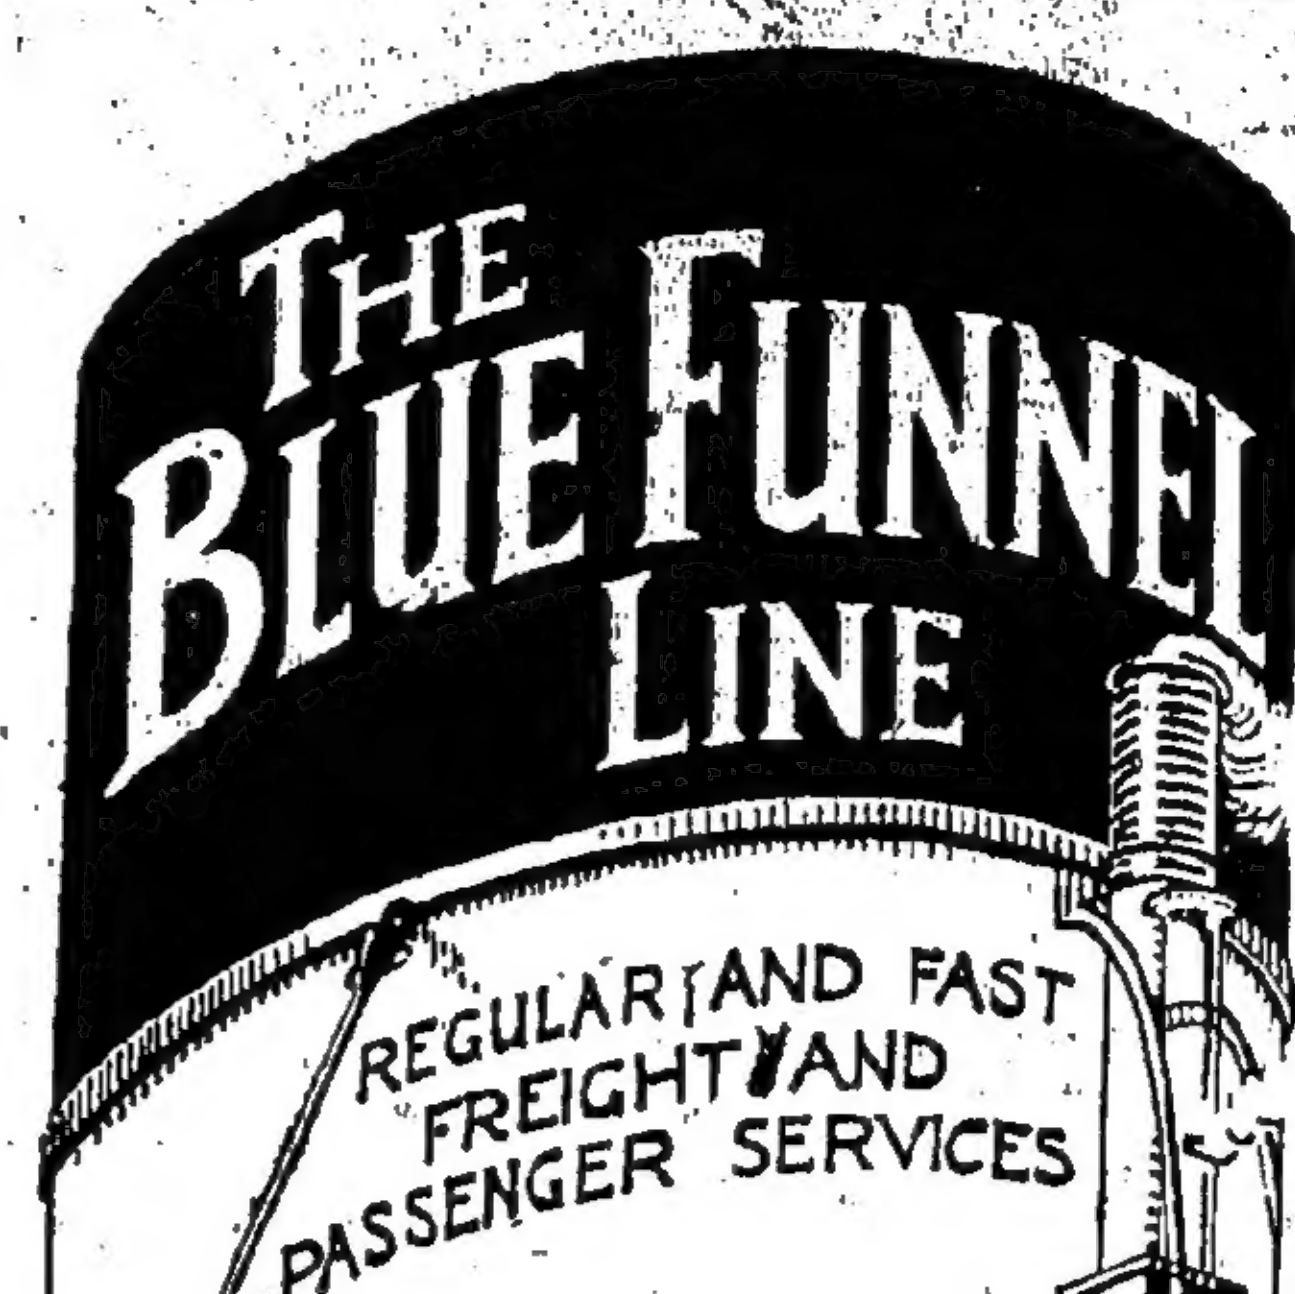

It appears that the missionaries  
did return but were not able to  
secure a junk and against the  
trees they were not visible to those  
on board the launch. Anti-foreign  
feeling had increased considerably  
when they got back to Yeung  
Kong and the night before they  
and the other missionaries from  
the station were taken away by  
the American destroyer Simpson,  
their lives had been threatened.

The Simpson experienced con-  
siderable difficulty in landing a  
boat and it was thought that two  
American sailors had lost their  
lives but they were washed ashore  
and after further trying experi-  
ences were able to rejoin the ship.  
The whole party of original  
stranded missionaries and rescuers  
from the Maryknoll Procure at  
Hongkong returned to Hongkong  
yesterday evening.

## COME AND COOL OFF

— AT —

## THE CORONET

Peking, July 6.—There appears to  
be no possibility of the Chinese  
and Foreign delegates meeting to-  
day. It is stated in Chinese circles,  
as a solution of the present difficulty,  
that the Shanghai issue should be  
negotiated through the Japanese  
with the assistance of three dele-  
gates.—Reuter.

Peking, July 6.—A message from  
Chungking states that the situation  
is somewhat unsettled. Yang Sen  
is reported to have wired to the  
Government offering to occupy this  
city, if the defeated generals who  
have fallen back on Chungking are  
unable to keep order. Despite  
the efforts of the latter to prevent  
this eventuality, there have been  
some disturbances. Two nights  
ago, during a demonstration round  
the Foreign compound, a demonstra-  
tion was witnessed by Chinese  
gendarmes & bayonets. This is stated  
to have been more or less accidental,  
but has aroused strong feelings  
among the Chinese.
